1. Supportability

Alignment to priorities

How does this project align with FrontierSI's priorities²?

How does this project align with FrontierSI's strategic objectives³?

What is the substantive spatial element of the project?

Project Participant investment

How invested are participants in the project and its intended outcomes⁴.

Participant organisation			
FrontierSI partner?	Yes/No	Cash	\$
Personnel in-kind ⁵	\$	Other in-kind	\$
TOTAL	\$		

Participant organisation			
FrontierSI partner?	Yes/No	Cash	\$
Personnel in-kind ⁶	\$	Other in-kind	\$
TOTAL	\$		

Participant organisation 1			
FrontierSI partner?	Yes/No	Cash	\$
Personnel in-kind ⁷	\$	Other in-kind	\$
TOTAL	\$		

² FrontierSI priorities are outlined in Digital Twin call for proposal guidelines.

³ <https://frontiersi.com.au/about-us/our-strategy/>

⁴ Reproduce the table for each organisation involved in the project, including FrontierSI

⁵ 1 FTE is valued at \$250,000 pa

⁶ 1 FTE is valued at \$250,000 pa

⁷ 1 FTE is valued at \$250,000 pa

Impact⁸

What is the expected impact of the project for project participants?

What is the expected impact of the project for the broader spatial industry?

What is the expected impact of the project on other industry sectors?

Commercialisation

Is this project likely to deliver an output that could be commercialised?

Yes No Potentially

If yes, what is the preferred commercialisation strategy⁹?

Utilisation

Which organisations will utilise the research outputs and in what way?

<i>Organisation</i>	<i>How will this organisation utilise the research outputs?</i>	<i>What strategies will be employed to ensure utilisation?</i>

⁸ Impact can be measured in economic, social and/or environmental terms.

⁹ If there is commercial potential, FrontierSI staff will work with you to develop a commercialisation plan. This activity must be factored into the project timeline.

Organisational benefit

Does this project extend or expand existing capabilities or grow new skills or expertise for FrontierSI and its partners? If so, how?

Is this project likely to generate further activity for the FrontierSI network? If so, how?
