

<b>Our Vision</b>	To be the people of choice to lead transformational spatial research and innovation in Australia and New Zealand.				
<b>Our Mission</b>	To provide the connection point, partnerships, trusted collaborative model and expertise to deliver high impact solutions to complex, multi stakeholder challenges.				
<b>Goals</b>	Be <b>thought leaders</b> in the spatial industry to drive game changing initiatives for economic growth, improved environmental and social well-being	Deliver <b>high impact</b> spatial solutions to complex problems	Drive <b>adoption</b> of spatial outcomes by and for our partners	Build and sustain strategic and enduring <b>partnerships</b>	Attract and retain the <b>best people</b>
<b>Strategic Initiatives</b>	<p><b>1. Thought Leadership</b></p> <p>1.1. Initiate a Thought Leadership initiative that improves the Foundation Spatial Data Framework (FSDF) workflows</p> <p>1.2. Play a leadership role in the development and implementation of 2030 space and spatial Roadmap</p> <p>1.3. Lead partner-based Digital Twin activities which champion the use of spatial data and innovative technologies to address multi-regional and cross-sectoral challenges</p>	<p><b>2. High Impact</b></p> <p>2.1. Develop and assist the implementation of positioning and geodesy focussed research and innovation</p> <p>2.2. Drive new industry-government-university capabilities in data analytics and earth observation</p> <p>2.3. Identify priority research and innovation areas for co-investment</p> <p>2.4. Review, improve and apply effective strategies to communicate our impact</p>	<p><b>3. Adoption</b></p> <p>3.1. Facilitate adoption of Positioning Australia/ SBAS</p> <p>3.2. Operationalise our property-based initiatives</p> <p>3.3. Accelerate adoption of EO based products and services</p> <p>3.4. Maximise opportunities for adoption of research developed with Partners</p>	<p><b>4. Enduring Partnerships</b></p> <p>4.1. Facilitate new significant strategic initiatives that deliver value and high impact for our partners</p> <p>4.2. Strategically build and strengthen national and international partnerships</p> <p>4.3. Deliver effective partner management practices to ensure partner satisfaction and retention</p>	<p><b>5. The Best People</b></p> <p>5.1. Strengthen culture and reinforce FrontierSI values</p> <p>5.2. Provide internal leadership and professional development opportunities</p>
<b>Model</b>	FrontierSI is a social enterprise, with a partner-based business model which is predicated on the pursuit of not for profit, public good objectives. Through the brokering and delivery of partner-based projects, funds are generated to reinvest in initiatives that deliver economic growth and improved environmental and social well-being.				
<b>What success looks like in 2023</b>	<ol style="list-style-type: none"> <li>1. Satisfied partners and deep, enduring partnerships</li> <li>2. A sustainable FrontierSI which is generating surpluses for re-investment in initiatives with public good outcomes</li> <li>3. Strong track record of social, economic, and environmental impact and value through developing and delivering large scale research and innovation initiatives.</li> <li>4. Contribution to significant infrastructure development, the provision of better government services and industry growth.</li> <li>5. Our reputation as the best people to broker and deliver collaborative spatial solutions.</li> </ol>
